

Functional Trainee Program Supply Chain Management

EUROPE - GERMANY - Herzogenaurach, Ref. No.: HQ - 2753TV

The adidas Group strives to be the global leader in the sporting goods industry with sports brands built on passion for sports and the sporting lifestyle.

Why adidas Group?

Our employees have the opportunity and responsibility each day to come up with an idea or innovation that may propel an athlete somewhere in the world to make their dreams a reality. If you like our products, just wait until you meet the people who make them.

adidas-group.com/careers

Our people are the heart and soul of this company. Our Supply Chain Management team is quoted to be one of the best in the industry and they are driven by the vision to be closest to every consumer.

Join our team as a Trainee and learn more about our Supply Chain Management functions on a global, regional and local level.

Harmonizing processes and systems in a challenging global environment will be a vital part of your program. You will gain experience in projects and day-to-day business. Contribute to our future and boost your career by a broad network and understanding of the organization.

We offer you a unique platform to start your career coached by experienced mentors and managers. You will have the opportunity to rotate within 18 months through different Supply Chain Management departments in Germany and abroad like:

- Logistics
- Planning
- Process & Systems
- Quality Management
- Sourcing

What we are looking for ...

- a university degree, ideally with specialization in Supply Chain Management.
- relevant previous internship, overall minimum of 6 months.
- working and/or studying abroad for a minimum of 6 months.
- analytical skills combined with a strong drive for results.
- energetic and flexible person.
- excellent presentation and communication skills.
- fluency in English.
- of course, a passion for sports and fashion.

We are keen to get to know you and looking forward to receiving your **online application by December 31st 2008.**

This exciting program will start spring 2009.
