Next meeting: February

### Top 1: AStA Meeting

- ◆ Lea tells about the last AStA Meeting. The long booking time of the AStA Keller Duisburg and the quitted VRR-Ticket got discussed.

### Top 2: Order of new labcoats and safety glasses

- ◆ Willi says he is going to meet a representative of the AStA to discuss a new order.
- ◆ We discuss a change of the safety glasses model due to the low quality and comfort of the current glasses.

### Top 3: STEM party (MINT party)

- ◆ Anil tells us about the current state of the event. Some Fachschaften have yet to answer to a final call on the event and the date it takes place.
- ◆ The set dates in the Delta are April 9 or 16 and at the Zeche Karl April 17. A final date and location has yet to be determined.
- ◆ An idea of Anil is to give each Fachschaft an own hall.

#### Top 4: Other events

- ◆ A Water Science party is going to take place on March 5. Furthermore it will most likely take place at the Tempel Bar. Jarno is going to design a flyer for this event.
- ◆ The next two Stammtische will take place on February 2 and April 8.

#### Top 5: Notes and ideas

- ◆ ZIM is going to fix the PCs on Monday.
- ◆ Anil tells about his meeting with a man who started working abroad after his degree. The man told him that he got educated really well in this study course and he recommends to go abroad after graduation.
- ◆ The vote for the best lecturer gets addressed. Lena is going to contact the Fachschaft of the Chemists and asks for further informations. A recommendation letter has to be written.
- ◆ We discuss the restocking of our drinks for thirsty members of the Fachschaft. We decide to buy soft drinks in the future.
- ◆ The whole Fachschaft takes a new photo with the current members.
- ◆ Anil shares his ideas:
  - update the homepage
    - new structure
    - more information for the new students
    - more information on the internships abroad
    - contacting the Fachschaft should be easier and faster replies
      - Nerea can answer request from potential Master students
  - establish a course about working with LaTeX and other useful programs
- ◆ Other ideas:
  - take 4 cent for each copy to cover the costs of paper and ink

#### Top 6: To-Dos

- ◆ work out the setup of Dropbox for non-Fachschaft students so they can access the data but cannot change or delete anything
- ◆ Jarno has to design a flyer for the Water Science party

- ◆ Lena has to contact the Fachschaft of the Chemists due to the price for the best lecturer
- ◆ elaborate the mail provider and pay more attention to incoming mails
